THE PERKIOMEN SCHOOL

Upper School Community Service Learning Requirement Documentation for Graduation

An important component of each Upper School student's education is accomplished through the fulfillment of the Community Service Learning requirements. This aspect of Perkiomen's program provides opportunities beyond the traditional, academic classroom experience. Each student is required to complete six hours of community service each year. Students are permitted to perform on campus service for a portion of their requirement and then must fulfill the remainder of their hours working out in the community. Three of the six hours each year are completed on-campus or in the local or greater community. The remainder of the hours may be completed during breaks in the student's community or through service trips with proper documentation. Special consideration will be given to student service projects that exceed the six hours per year requirement. Questions concerning consideration for long-term projects should be directed to Paige Longstreth at plongstreth@perkiomen.org.
